8 January 2021

Dear Parents,

We hope you had a very happy Christmas. We also hope you and your children are keeping safe. As you know, schools will remain closed until the end of January.

We believe it is very important for your child to continue learning at home and to remain in communication with their class teacher. A booklet of work is enclosed for your child.

We understand that this is a difficult time for families so we are only asking children to do their best to complete whatever number of worksheets they can each day without feeling under pressure. We hope, however, that with your support and help, your child will complete a few pages of the booklet every day.

The teachers will support and encourage your child by communicating with her/him by email and/or phone. We strongly encourage you and/or your child to take photographs of completed worksheets and email them to the class teacher. Your child's school email address and the class teacher's email address are provided below.

We are relying on you as parents to monitor your child's usage of their scoiliosa email account and to ensure that it is used for appropriate educational purposes only.

Parents of children who experience any difficulty accessing school email accounts should use the contact details provided in the table below to let us know.

At this challenging time, we urge you very strongly to help your child to develop a good daily routine that involves the completion of schoolwork each morning so that it can be emailed to the class teacher in the early afternoon period of each day. We also ask you to regularly check your child's school email account each day for information and/or feedback provided by the class teacher.

We will be sincerely grateful to those parents who really work hard to support their children to continue learning at home for the duration of this school closure.

Yours faithfully,

Michael Tunney and Monica Duffy
